

REMANUFACTURED STARTERS, SOLENOIDS AND RING GEARS FOR ALFA ROMEO

Our professionally-remanufactured units will get you back on the road fast. When ordering, be sure to give model, year and engine size. We will refund your core charge when we receive your old unit within 60 days. Exchange units must be exactly the same model as original, completely assembled and rebuildable (cracked cases or internal rust are not acceptable). Starters should include solenoid. Exchange price on incomplete units will be adjusted accordingly. Be sure to insure your core, and include a copy of your invoice. Please pay close attention to the # of teeth; they aren't interchangeable. If you don't want to pay a core charge, just send in your old unit with the exchange price enclosed. *Note: we also sell complete flywheels (see page 56).*

SHOULDER BOLT FOR ALFA ROMEO 4-CYLINDER STARTERS

All Alfa 4-cyl. starters, 1969-94, use a special shoulder bolt in the middle mounting hole. If yours isn't properly installed, the starter will grind. Nut and directions included.
#0532, \$8.25

Alfa Model	Starter Item #	Exchange Price	Core Charge	Outright Price	Starter Drive#	# of Teeth	Price	Solenoid No.	Price	Ring Gear#	# of Teeth	Price
