

CUSTOM-TAILORED COVERS FIT YOUR ALFA OR FIAT LIKE A GLOVE

WHY A CAR COVER?

A small investment to preserve your car's value is money well-spent. A quality car cover can:

- Protect your paint, interior and top from the sun's damaging ultraviolet radiation.
- Keep bird droppings, paw prints, acid rain, leaves and pollutants from damaging the finish.
- Prevent the accumulation of the minor scratches, chips and dings that lead to rust.
- Keep your car's interior cool in the summer.
- Save time and money by making wash and wax last longer.

Our manufacturer will custom-cut a cover that fits perfectly. Refer to these charts for details.
