

HEATER BLOWER MOTORS

Switches are sold on page 38.

	Item No.	Price
ALFA ROMEO Spider, 1971-94, GTV 1969-74 164, 1991-95, Heater-A/C motor	22029	\$134.50
	22299	319.00
FIAT 124 Spider, 1968-85, all	22028	\$79.95

RADIATOR FAN MOTORS

Fiat 124 Spider, 3/74-85 motor and fan #15755, **\$194.00**

Note: Also see aftermarket (add-on) cooling fans (right).

FAN SHROUD

Alfa Romeo Spider, 1969-89 all, GTV, Berlina 1969-74 #28265, **\$53.50**

RADIATOR FAN SWITCH

This switch mounts at the bottom of the radiator and activates the engine cooling fan. Check it if your fan doesn't run.

	Item No.	Price
ALFA ROMEO Alfetta, 1975-81, Spider 1990-94 GTV 6, 1981-on, all, Milano, 2.5, 3.0	25602	\$ 9.95
164, 1991-93	34378	22.50
164, 1994-95	34422	24.95

	Item No.	Price
FIAT, LANCIA, BERTONE, PININFARINA All Fiat & Lancia, 1971-77, spade terminals	0878	\$ 9.75
All Bertone, Fiat, Pinin 1978-85; and Lancia 1978-79; with two wire leads	43949	16.75

ALFA 164 A/C STEPPER MOTOR

The heating/AC stepper motor changes the operating mode of the ducts, and have a high failure rate. Symptoms are an inability to change the duct mode, and a clicking noise from the dashboard. We have everything typically needed to make the repair.

Part	Item No.	Price
Stepper Motor	11807	\$349.00
Speed Clip	11805	3.50
Ring for Drum	11806	7.95
Tech Bulletin	661044	FREE

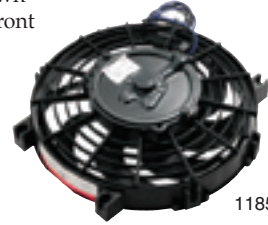

See page 49 for an instructional video on CD-ROM

ADD AN ELECTRIC RADIATOR FAN FOR MORE POWER!

If you have an older car with a belt-driven fan, you can add several horsepower at higher rpms—simply by removing your old fan blades and installing our high-quality, U.S.-made cooling fan. A single heavy-duty 11" fan pulls 1100 cubic feet/minute, and is ideal for an Alfa Romeo Spider, or as a higher-output upgrade for Fiats. A GTV6 can use two fans. Use the included mounting kit, which attaches the fan directly through the radiator fins, or fabricate your own mount. Reversible design means fan can be installed in front of or behind the radiator, as space permits.

11848

11851

Fan thermostat/wiring kit is sold separately (see below).

11" Radiator Fan, 1100cfm, replaces your existing fan, #11848, **\$99.50**

9" Auxiliary Cooling Fan, 600cfm, for use as an add-on cooling fan. A great way to boost A/C cooling—especially in cars that have been converted to R134a refrigerant, #11851, **\$75.50**

ELECTRIC FAN WIRING KIT

WITH ADJUSTABLE THERMOSTAT

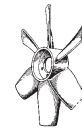

Everything you need to rig up an electric radiator fan. Includes: radiator probe with new silicon chip technology, accurate to $\pm 1^\circ\text{F}$; adjustable temperature controller with built-in electronic relay; fuse, heavy-gauge wiring & instructions. Turns on automatically with air conditioning. Controls one or two fans. #11853, **\$97.50**

ENGINE FANS FOR ALFA ROMEO

Replace broken fans before your water pump bearings fail or a flying blade dents your hood. Our fans bolt on and are plastic as original.

721502

101/105 1600 Spider, GT, Super 1965-68, and Euro 1750/2000, #15752, **\$44.50**
Spider, 1969-89; GTV, and Berlina, 1969-74, USA, #4807, **\$39.50**
Euro fan with narrow blades, #721502, **\$41.50**

Brand new—not remanufactured

AIR CONDITIONING COMPONENTS FOR ALFA ROMEO

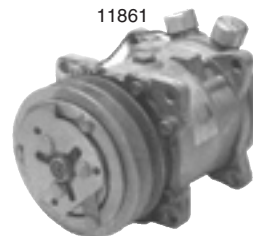

Why sweat out another summer without air conditioning? Replace your failed compressor or receiver-drier with an all-new unit. Each compressor comes with the clutch and is ready to install. Don't forget to order a new belt (page 32).

Model / Component	Item No.	Price
Spider, 1982-89, compressor*	11861	\$349.00
Compr. mount bushing (needs 4)	11905	14.95
Receiver/drier	11817	47.50
Spider, 1990-94		
Receiver/drier	11799	62.50
GTV6, all, receiver/drier	11802	49.50
Milano, all, receiver/drier	11799	62.50
164, 1991-93		
Compr. mount bushing (needs 4)	11905	14.95
Receiver/drier	11875	49.50

* Spider compressors vary; call before ordering.
