

CLASSIC ANALOG INSTRUMENTS

These beautiful analog instruments evoke the classic style of vintage clocks and gauges, but add the incredible accuracy of Citizen™ quartz movement. Marine-grade stainless steel encases precision instruments designed with muted logos, period-correct pointers and raised lettering. Waterproof and pressure-resistant, they mount easily to any flat surface with 3M™ adhesive tape or screws, provided. Instrument face is 1.42" diameter, mounting plate is 1.82".

IAP LOGO BALL CAP

This stylish cap is made from 100% cotton, with an adjustable cloth strap and a quality brass buckle. Subtle IAP logo on front, with "Alfa Romeo-Fiat-Lancia" lettering on back. In Blue with Red visor piping. One size fits most. #57061, **\$9.95 ea.**

CUSTOM DASH MATS

Extended exposure to sunlight can cause Alfa and Fiat dashboards to dry, warp and crack over time. Plus, the glare from your dashboard's shiny reflection in the windshield can be dangerous when you're driving. A custom-fit, carpeted Dash Mat keeps your dash looking great and improves your visibility. A few small strips of adhesive-backed Velcro hold the cover in place, so it can be removed easily. Made from colorfast needle punch carpet. In Black. **Price: \$39.95**
