

HELLA HALOGEN HEADLIGHTS

Hella European halogen headlights are 50% brighter than standard sealed beams—yet the low beams don't bother other drivers. Their precision-cut reflectors are designed to cut off the stray light that annoys oncoming traffic and causes bounceback glare. 7" model is SAE/DOT approved in all states, with a 1-year warranty.

From Germany

For all Alfa Romeos, Fiats & other cars with round 7" headlights, set of 2: #241621 **\$89.50 /pr**

For GTV6 and others with round, 5 3/4" "quad" headlights

Note: the 5 3/4" models have not been certified in the USA and are sold for off-road use only.

Low Beams, set of 2, #24171 **\$112.50 /pr**

High Beams, set of 2, #24172 **\$112.50 /pr**
